

Prospective Student Information Session Saturday, May 8th at 1pm

The Boucher Institute of Naturopathic Medicine welcomes prospective students to join us in celebrating a decade of naturopathic medicine at our Open House. A *Prospective Student Information Session* which begins at 1pm, will be hosted by current BINM students and include presentations from deans and the Director of Admissions. The focus of the information session will be to provide insight into the BINM community through the experience of current students. In addition, there will be information on what makes BINM unique, an overview of the academic and clinic curriculum and a question and answer session.

You are invited to join us for this event. Feel free to bring family and friends as there are many other featured events during the Open House including: talks about naturopathic medicine, student presentations, displays, give-aways, a children's art area as well as an array of free screening tests in the Boucher Naturopathic Clinic. Enjoy the Product Fair with leading nutraceutical companies and corporate friends displaying the latest formulations and health products. There is something for the whole family.

As seating is limited, please RSVP as soon as possible to: info@binm.org

The title of your email should be: "RSVP for the May 8th Information Session". **Please include** your full name, phone number and the number of guests (including yourself) that are expected to attend the session.

We look forward to seeing you on May 8th. If you have any questions do not hesitate to contact us by email or phone at:

Email: info@binm.org
Phone: 604-777-9981

Sincerely,

Mark Williams
Director of Admissions
